Gentlemen:

Digital Wireless Corporation respectfully requests confidentiality of certain materials provided with the submission of the WIT2410 under FCC ID: HSW-2410M in accordance with FCC Regulations 0.459. The confidentiality request applies to the schematics, theory of operation, and block diagrams contained in Sections 4 & 6. The WIT2410 has been developed at considerable effort and expense by Digital Wireless Corporation. These items are considered as Trade Secrets and therefore public access to the proprietary material could possibly result in duplication of equipment that could severely damage the company's business advantage.

I appreciate your assistance in this matter.

Sincerely,
