Dear Sir:

The following application is submitted on behalf of our client, Cirronet, Inc., for evaluation of model WIT2410P for Certification in accordance with Part 2 of the FCC rules.

This device is submitted for modular approval in accordance with FCC Public Notice DA 00-1407. The WIT2410P module is host independent and utilized in portable RF exposure conditions. Information contained in this filing will show the source-based time-averaged RF output power is below the lower threshold for TCB SAR therefore SAR data is not provided.

If you have any questions regarding this application, please contact me.

Sincerely,
