Dear Sir:

The following application is submitted on behalf of Cirronet, Inc for evaluation as a class II permissive change to an existing modular certification. The changes made to the device that necessitate this filing are listed below:

- Addition of a proprietary 12dBi patch antenna

Not other changes or modifications to the radio module were made. The device continues to meet all of the technical requirements as defined in Part 15, subpart C.

Sincerely,

R. Sam Wismer
