Mr. Noble,

The following is our response to your comments of 9/21/2007. I have included your written questions and provide an answer to each.

I have a few comments on this Application.

1. Please use the FCC guidelines for testing Spectral Power Density. I have attached the guideline PDF. Please retest and revise test report to include testing with correct procedures for SPD test.

Corrected and Uploaded

2. Please provide RF Exposure MPE exhibit to support 20 cm statement in user manual.

Thank you for your attention to this matter.

Please contact me with any further questions.

Sincerely,
