Manual Requirement of FCC / IC

Model: 12BGF

Our product is one of vehicle parts incorporated into the vehicle as original equipment.

Therefore, we will not supply the user manual. However, we will ask the vehicle manufacturer to include following statements in the user manual of the vehicle in accordance with FCC requirement.

# 1. Requirement for User manual of the vehicle

# 1.1. FCC Requirement

In accordance with 15.21 of FCC rule, following statement will be included in the user manual of the vehicle.

### **FCC WARNING**

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

In accordance with requirement of FCC§15.19(a)(3), following statement will be included in the user manual of the vehicle.

#### **NOTE**

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

### 1.2. Information about the FCC ID

The FCC ID is affixed inside the equipment.

You can find the ID when replacing the battery.

Note:

The way to replace the battery must be included in the user's manual.

Manual Requirement of FCC / IC

Model: 12BGF

Our product is one of vehicle parts incorporated into the vehicle as original equipment.

Therefore, we will not supply the user manual. However, we will ask the vehicle manufacturer to include following statements in the user manual of the vehicle in accordance with IC requirement.

## 1. Requirement for User manual of the vehicle

## 1.1. IC Requirement

In accordance with requirement of RSS-GEN, following statement will be included in the user manual of the vehicle.

## NOTE

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference.
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.
