Subject: Company Name Change

Please be advised that we are submitting our application under the new name of "Western Multiplex" in lieu of the name used on previous submissions "Glenayre Western Multiplex Corporation". This name change is due to the fact that the parent-subsidary relationship between Glenayre Electronics and Western Multiplex Corporation does not exist anymore. Western Multiplex Corporation has always been the legally registered company name. We requested adding "Glenayre" to our name in 1996 to reflect the change of relationship then after Glenayre purchased us for the purpose of marketing and sales.

We are maintaining our FCC identification prefix "HZB" on our existing and future products as has been indicated in this submission.

If you have any questions regarding this submission, please feel free to contact the undersigned.
