Subject: FCC ID: I28DG420I-1356MHZ

Mr. Christensen,

In order for processing of this application (FCC ID: I28DG420I-1356MHZ) to continue, the following issue(s) will have to be addressed:

- 1) Please submit external pictures of the device. Also, please show where the RF ID board is physically installed in the printer.
- 2) Some spurious emissions are shown on the data sheets which exceed the level of the fundamental emission. Please indicate whether investigations were made to ensure that these emissions were not generated by the intentional radiator. Reference rule section 15.209(c)
- 3) Please submit a bandwidth plot showing compliance with the band edges. Please note that this rule section (15.225) has been changed to include a wider frequency band with higher field strength limits.
- 4) Please submit the user's manual.

The item(s) indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 60 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted.

Please upload your response to our electronic filing website using a correspondance number of "I28DG420I-1356MHZ-1".

If you have any questions, feel free to contact me.
