FCC Part 15 Certification

Gentlemen,

In accordance with 0.459 of CFR 47, the proveo AG (proveo) hereby requests confidentiality of all Block Diagrams, Circuit Description, Circuit Diagrams, Parts List, User Manual, Operational Description attachments for the subject application.

The reason for the confidentiality of the User Manual is that the Hardware will be used in the professional field only and is therefore not public due to competitor reasons.

These documents contain detailed system and equipment description and related information about the product which proveo considers to be proprietary, confidential and a custom design and otherwise would not release to the general public. Since the design is a basis from which future technological products will evolve, proveo considers that this information would be of benefit to its competitors and that the disclosure of the information in these documents would give competitors an unfair advantage in the market.

Sincerely,

Steffen Knödler
CEO
proveo AG
