RE: Class II Permissive Change for I28MD-BTC2TY3

To Whom It May Concern:

The submission is for a Class II permissive change to the modular approval of the Zebra Technologies transmitter granted with the above FCC ID. The change is to remove the colocation restriction on the grant. The module has otherwise remained unchanged. Only new and/or changed exhibits are included in this application.

Please call or email with questions or for additional clarification.

Sincerely,
