Class II Permissive Change Cover Letter

RE: FCC ID: I28MD-ZLAN11G

We are submitting an application for a Class II permissive change to the limited modular approval of the Zebra 802.11g embedded radio (FCC ID: I28MD-ZLAN11G). The transmitter module itself has not changed. The purpose of this application is to add the HC100 printer as a host for this radio. Only new and changed exhibits are included with this application.

For the HC100 printer, the antenna used with the ZLAN11G radio module is Antenna Factor part number ANT-2.4 CW-RH-RPS.

Best Regards,

A handwritten signature in black ink, appearing to read "Charles A. Derrow", with a long, sweeping horizontal stroke at the end.

Mr. Charles A. Derrow
