Subject: Permissive Class II change for FCC ID: I88G620H

Dear Sir,

The 802.11g Wireless High Power Mini-PCI Card, Model No.: G-620H, FCC ID: I88G620H need to apply for the Class II Permissive Change due to change the antenna. We evaluated that the changed would NOT affect the RF characteristics except for the Radiated Spurious Emission & Band edge.

The product has conducted the Radiated Spurious Emission test and Band-edge test and compliance with the CFR 47 Part 15 Subpart C 15.247 and relative regulations. For more details, please refer to the test report.

If you have any question, please feel free to contact me.

Best Regards,

Kevin Chen
