We, ZyXEL Communications Corporation would like to confirm that the product with FCC ID: I88WAC6502D-E (Grant date:12/03/2014) has further modification made on **5G DFS band issue**.

This modification is only concerned with adding DFS band for Radiation and DFS test; neither circuit design nor main function has been changed.

This is client's request, since our buyer wants to see the test report shown on FCC website which can comply with old UNII test guideline. In order to meet the request from our client, so C2PC is done.
