RE: ATN01-350-00 FCC ID: IB20ATN01

Dear Kyle,

The ATN01-350-00 is electronically identical to ATN01-311-03. Both units have the same set of circuit boards. The difference between the ATN01-35-00 and the ATN01-311-03, is the new multi-piece, metal enclosure. The project application is in a shore based radio equipment rack rather than installed in a maritime buoy.

Please let me know if you have any questions or need any additional information.

Thank you, Kyle.

Best Regards,
