Dear Ivy,

Thank you for your application. In order for us to process your approval, the following must be addressed. Please provide a response in a timely manner to avoid delays or dismissals.

### Technical Review:

The statement on page 39 of the user's manual should read that SAR is not applicable rather than calculations since this is a portable device not meant for fixed/mobile.

### Response:

Since we have completed another two FCC IDs recently: IBAAVPGH0280 & IBAAVPGH0270, you didn't require us to correct the RF exposure information. Grantee is not willing to update it this time. And from our view, it is not a key and serious problem, would you please ignore it.

If you have any questions or concerns, please contact us.

Thank you!
