

FCC ID: IHDT56AE6

Motorola Mobility LLC, attest that this client device, FCC ID: IHDT56AE6, complies with the following requirements of Part 15 E of the FCC's rules for the 6GHz bands:

1. The device will only associate and connect with a low-power indoor access point or subordinate device and never directly connect to other client devices.
2. This device will always initiate transmission under the control of a low power indoor AP or subordinate except for brief transmissions before joining a network. These short messages will only occur if the client has detected an indoor AP or subordinate operating on a channel. These brief messages will have a time-out mechanism such that if it does not receive a response from an AP it will not continually repeat the request
3. Transmissions will be lower or equal to the power advertised by the indoor low-power access point or subordinate and never above the maximum output power allowed by the FCC grant.
4. Prohibited for control of or communications with unmanned aircraft systems, including drones.

A handwritten signature in black ink, appearing to read 'Jeff Narducci', written over a horizontal line.
