Re: Application for Cellular Transceiver Certification

Gentlemen:

Motorola Inc., 5555 North Beach Street, Fort Worth, Texas 76137, herein submits:  
Application for Equipment Authorization (FCC Form 731) and Sections, for Certification of a  
Cellular Transceiver, FCC ID: IHET5BP1. Motorola is also the manufacturer of this equipment.

Motorola requests that the Internal Photos, Parts List, and Schematics Exhibit be kept confidential.  
The filing fee includes \$145.00, the amount for a confidential filing.

This equipment has the capability to operate using Code Division Multiple Access (CDMA) on a  
spread spectrum signal operating in the cellular band. This more efficient modulation scheme  
can provide 3 to 10 times the number of available voice channels when compared to existing  
analog technologies. Technical details for this alternate cellular technology (permitted under the  
cellular service option provisions in section 22 Subpart H of the Commission's rules) related to  
certification of this equipment, are provided in the Statements of Certification Exhibit, and  
throughout the other exhibits.

Please contact me by telephone at (817) 245-7076, by Fax at (817) 245-6248, or by  
correspondence at the address herein if there are further questions or if additional information is  
needed concerning this filing.

Regards,

A handwritten signature in black ink, appearing to read 'Jim Morrison', with a long horizontal flourish extending to the right.
