

August 14, 2008

Federal Communications Commission
Equipment Authorization and Evaluation Division
7345 Oakland Mills Road
Columbia, Maryland 21046

ATTESTATION

FCC ID: IKQTZ4
Product: iPod Bluetooth Transmitter
Models: TZ4, TZ4R

To Whom It May Concern:

While we perform P15B testing, we find it's not necessary because this device is not going to connect with PC for data transmission. And the applicant accepts our suggestion, so they don't perform P15B test. In order to comply with FCC rules, the client removes FCC logo from the label. Therefore, please allow us to upload this updated label.

Sincerely,

Micki Ho / Specialist
