Date: 07 November 2013

SUBJECT: 8.33 KHz Channel Spacing for FCC ID: IMA-T3400

To Whom It May Concern:

Technisonic Industries Limited is aware that 8.33 KHz Channel spacing will get a grant of certification, but that there is no U.S. (United States) Rulemaking for 8.33 KHz operations and this operation will not be exercised within the U.S. as per the FAA.

Regards,

Steve McIntosh
Engineering Manager
