Fax: 905-568-8817

September 13, 2011

Federal Communications Commission  
Authorization and Evaluation Division  
7345 Oakland Mills Road  
Columbia, Maryland 21046

Ref: 8.33 Channel Spacing for FCC ID: IMATDFM-7300-3

To Whom It May Concern,

Technisonic Industries Limited is aware that 8.33 Channel Spacing will get a grant of Certification, but that there is no U.S. (United States) Rulemaking for 8.33 kHz operations and this operation will not be exercised within the U.S. as per the FAA.

Yours truly,

Steve McIntosh  
Engineering Manager  
Technisonic Ind Ltd
