Re: Certification of Wireless LAN product: 802.11a/b/g CardBus Card,
FCC ID: IMR 1103CB-D

Dear Sir/Madam,

Please find enclosed Application Form (FCC 731) Equipment Authorization and corresponding documentation as per attached list, for the certification of the Agere Wireless LAN PC Card as a general-purpose device.

It concerns a basic (Wireless LAN) card with integral antenna in metal housing that can be inserted into PCs with CardBus interface.

The card has a connector for external antenna, but currently no external antenna will be listed.

Sincerely yours,

Bert Vos, Regulatory Certifications
