Re: Questions on antennae cable lengths, EA94181 Corr. Ref. Number 8361

1. The 14 dBi Yagi antenna will be provided minimally with either 20ft LMR200 or 50 ft LMR400 cable. You can find this on page 9 of the report 56305-90204-3.
2. The 7 dBi OmniDirectional antenna will be provided minimally with either 20ft LMR200 or 50 ft LMR400 cable. You can find this on page 9 of the report 56305-90204-1
