

scott

To: Kyle Fujimoto
Subject: FCC ID: IOL-125-AV1040

Mr. Fujimoto:

In order for processing of this application (FCC ID: IOL-125-AV1040) to continue, the following issue(s) will have to be addressed:

- 1) The FCC Label on the device must contain the verbiage required by 15.19(a)(3) of the FCC rules. The device is not small enough to justify placing this verbiage in the user's manual.
- 2) The user's manual contains the instructions to the user for a Class A digital device. This device was measured against the Class B limits, and should contain the instructions found in 15.105(b) of the FCC rules.
- 3) Please submit a signed test report.

The item(s) indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 60 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Please submit your response(s) as correspondence on our electronic filing website, using correspondence number: IOL-125-AV1040-1

Any questions about the content of this correspondence should be directed to scott@celectronics.com.

Best Regards,
