RE: FCC Class II Permissive Change for FCC ID: IOL-BT840F

Dear CETCB,

We would like to request a Class II permissive change for FCC ID: IOL-BT840F.

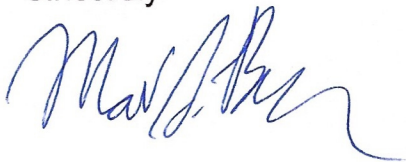

Major Changes filed under this application are:

1. RF exposure calculation to demonstrate SAR test exclusion for portable operation under 5mm range from operator.

Testing has shown that the changes to not affect RF parameters such as output power, frequencies and modulations supported.

If you have any questions, please contact me for assistance.

Sincerely

A handwritten signature in blue ink, appearing to read 'Mark J. Blair', with a stylized flourish at the end.
