Overall Assessment Letter for the Garmin International Inc Fixed Mount Class D  
Product name: VHF315 Main Black Box VHF Radio  
Model name: A02047  
FCC ID: IPH-02047

We have assessed the above referenced submission and found it to be compliant. The product is a Marine VHF Radio which incorporates Class "D" Digital Selective Calling.

1. The following points were noted during the evaluation:
  - Part 80.203(b), (c) and (n)
  - Part 80.207 (a), (b) and (d)
  - Part 80.225(a) and (c)

2. RF Exposure

~~The equipment subject to RF exposure assessment is a Fixed Mount VHF radio and was based upon the following criteria:~~

- The Fixed Mount VHF radio operates in the frequency range of 156.025MHz to 157.425MHz.
- The radio has a maximum output power of 25 Watts.
- The point of investigation is calculated to be 2.5 meter with an assumed maximum antenna gain of 9dBi.

The calculations have shown that the radio meets the General and Occupational limits shown in the FCC 47 CFR § 1.1310 Guidelines.

As a result of the review, updated internal photos showing the chassis assembly were received as well as updated test set-up photos and up-issued MPE report which includes the maximum declared antenna gain and FCC ID. The agent letter was also updated to include the names of the authorized individuals and the originally supplied similarity letter was updated to include information relating to the EU variants.

Sincerely,

Signature:
