Equipment:  
FCC: IPH-02929

Equipment marked with the FCC identification number IPH-02929 is designed specifically to be installed within an aircraft. Installation is performed by an FAA authorized installer per FAA requirements. Due to the restrictions placed on the installation of the equipment, the material within the installation manual is considered to be only appropriate for certified installers. Therefore, the material is considered confidential and should not be made available to the general public.

Garmin requests that the Quick Start Guide for the equipment be used for FCC approval as it does not contain confidential information. If the installation manual for the equipment is required, Garmin will require long-term confidentiality for any further documentation provided to ensure that proprietary information is not provided to the general public.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jeffrey Hailey", is written over a horizontal line.
