RE: New Certification Request, FCC ID: IPH-04120

Dear FCC Representative

This is a new certification request of FCC ID: **IPH-04120**, Model: A04120.
The A04120 is an extremity worn 2.5mW BlueTooth Low Energy transceiver. It is to be certified under FCC §15.249. Due to its low output power, it qualifies for SAR test exemption.

Should there be any questions or concerns please feel free to contact me. Thank you for your consideration.

Sincerely,

A handwritten signature in black ink that reads 'Art Voss'.

Art Voss, P.Eng.
