RE: Garmin International, Inc.

FCC ID: IPH-04659

ATCB030257

After a review of the submitted information, I have a few comments regarding the above referenced Application. Depending on your responses, please note that there may be additional questions.

The Label exhibit includes an image of the product packaging which shows that a belt clip is provided. However, there is no information provided in the remainder of the application about this belt clip. Please provide a description/photo of the belt clip (perhaps adding it to the External Photos exhibit), and confirm that the clip contains no metallic components. If it does contain metallic components, then it is subject to SAR testing – please address. **The belt clip will be added with a C2PC at a later time**
