

## E-Label Description

The following specific instructions are provided in the user's manual that is provided with the device. There are no special codes, accessories, or permissions beyond the normal security protection to unlock the screen.

### **Getting the Owner's Manual**

The owner's manual includes instructions for using device features and accessing regulatory information.

Go to [www.garmin.com/manuals](http://www.garmin.com/manuals)

The following specific instructions are provided in the owner's manual that is provided at [www.garmin.com/manuals](http://www.garmin.com/manuals): The instructions presented here explicitly match the steps in the manual for accessing the regulatory information. This language is clear to the end user on how to access the regulatory information. The E-Label will be easily accessible by the user and cannot be modifiable by the user.

### **Viewing Regulatory and Compliance Information**

The label for this device is provided electronically. The e-label may provide regulatory information, such as identification numbers provided by the FCC or regional compliance markings, as well as applicable product and licensing information.

1 Select 

2 Select **System > Regulatory Info.**

The following information will appear on the display in a manner that is clearly legible without the aid of magnification. The regulatory information and dedicated exclusive application or script is secured and implemented in a factory-set-unalterable format. The regulatory information will be capable of being retrieved and displayed locally, and under the control of the end user in possession of the product. The method is secure, such that the application or script ensures that the regulatory information will be displayed correctly.

FCC ID: IPH-04741

IC: 1792A-04741

M/N: A04741

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

The following information will be shown on the outside of the package:

FCC ID: IPH-04741

IC: 1792A-04741
