To Whom It May Concern,

RE: Request for Class II permissive change

Pursuant to FCC Part 2.1043, we would like to request a Class II permissive change for the following:

IC: IPH-A3556

Additional testing was completed to certify the device with the use of a metal carabiner clip attached to the device.

Please let me know if you need any additional information.

Thank you,

Nic Johnson,| Technical Manager
