August 16, 2018

Timco Engineering Inc.
849 NW State Road 45
Newberry, FL 32669

Applicant: Garmin International, Inc.
1200 East 151st Street
Olathe, KS 66062

Equipment:
FCC: IPH-02256

Garmin formerly requests a Class II Permissive Change filing for the equipment referenced above. The equipment has been updated to support the replacement of electrical components that have reached end of life and will be unavailable for future equipment manufacturing.

Replaced components are part of the voltage-controlled oscillator (VCO) circuitry which supports the 1018 MHz signal supplied to the 1090 MHz transmitter. Performance and functionality of the new components are considered equivalent to the ones used in the original design.

As shown by the accompanying data, the updated design remains electrically identical to the previously approved design.

Sincerely,

A handwritten signature in black ink, appearing to read "Tim Olson".

Printed Name: Tim Olson
Title: Senior Compliance Engineer
