

Date: 6/23/2022

American Certification Body, Inc.
6731 Whittier Avenue
Suite C110
McLean, VA 22101

To Whom It May Concern:

This application submittal provides documentation in support of a Class II permissive change to address minor changes to circuitry not related to the transmitter. This equipment has been granted under:

FCC ID: IPH-A04112
IC: 1792A-A04112

The equipment remains electrically identical as original equipment and information on record continues to apply, with the exception of:

It has a slightly thicker battery (of the same manufacturer, design, chemistry, etc.)
Minor cosmetic and software changes not relating to radio functionality

The radio frequency portion of the device remain identical.

As a result of this permissive change, an additional family model has been requested to add to the Radio Equipment List (REL) for ISED.

Should you require any further information, please feel free to contact us.

Sincerely,

Nic Johnson, NCE | Technical Manager
