Re: About the modification of 17" COLOR MONITOR

Gentlemen:

I, hereby, declare that all modification on the E.U.T.,
FCC ID: IQX97C1795, will be added or layout on the mass production
products. Modifications are shown as below:

1. Add ferrite core on the video cable at PC side.
(As the photo No.1, 18)
2. Add ground wire from CRT board wire to video board metal shield x 3ea.
(As the photo No.4, 22, 23)
3. Add metal shield on video board.
(As the photo No.6, 21)
4. Add ferrite core on degauss coil harness.
(As the photo No.8, 23)
5. Add ferrite core on safety ground wire.
(As the photo No.13, 23)
6. A ferrite core on video cable at monitor side.
(As the photo No.14, 23)
7. Add metal shield on main board.
(As the photo No.15, 20)
8. Add ferrite core on the video cable at video board side.
(As the photo No.5, 19)

EXH

Sincerely yours

C. K. Wang
