Subject: Changes in Davis Products	

Dear Sir

This letter is to formally notify CKC and FCC that certain changes have been made to products

- 1) The 6320, the old configuration had the PCB internal to the heat shield, the new configuration has the PCB external to the heat shield but in a weather resistant, we have change only the arrangement of PCB not the arrangement of the transmitter section.

Please if any question I can be reach at 510-732-9229

Thank you

P.Dillon

Engineering Tech.
