Subject: CReTE SYSTEMS INC., FCC ID: IR5DR786EX, Assessment NO.: AN04T4052, Notice#1

Question #1: Page 18 of SAR test report at OFDM modulation, at 2437MHz, the channel shall be 6 but 11 is indicated. Please make necessary correction.

[Ans #1: Please refer to the corrected test report as below.](#)

Question #2: Based upon product specification in the user manual, this tablet PC provides optional secondary battery. Please inform which battery was used during the tests and provide additional body worn at highest SAR measured for the second battery.

[Ans #2: The client remove from the manual descripon of the optional secondary battery. A marketing statement declaring no optional secondary battery be marketed is aslo attached. Please refer to the atatched files of revised manual, marketing staement, and internal & external photos.](#)

Question #3: Based upon user manual, this device can be equipped with external antenna which has not addressed in the EMC and SAR test reports. Please provide external antenna specification sheet and provide additional EMC and SAR tests for external antenna.

7/26/2004

Ans #3: No external antenna shall be available. The manual is revised to remove description of the external antenna. Please refer to the revised manual.

Best Regards

Mike Kuo

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.
