Re: FCC ID IYF3CHAM100-27

Sharon,

This letter is to confirm that for Hobbico item IYF3CHAM100-27, otherwise noted as our "White Wolf" transmitter, the following design changes will be implemented during production as indicated on page 2 of the test report issued by SGS-CSTC Standards Technical Services Ltd. (report number SZEMO080501999RFF):

- a. C9 will be changed to 12pF
- b. C10 will be changed to 470pF
- c. A 0.1uF capacitor will be installed between the "+" and "-" power terminals on the pc board

Please confirm your receipt of this letter.

Thank you.

Best Regards,

Neal Cloud
