Attn: OET Dept.

Ref: FCC Class II Permissive change for FCC ID: IYG-874X

Applicant: Spectralink Corporation

Dear Examiner,

This is to request a Class II Permissive change for FCC ID: IYG-874X originally granted on 01/31/2014.

The change under this application is to the rear plastic housing, removable Li ion battery and small daughter PCBA outline. The main PCBA, which includes the intentional transmitters, oscillators and antenna, is unaffected. The front housing is also not affected.

I attest that the certified device will not be capable of ad-hoc mode operation outside of the grant conditions.

Sincerely,

Jeff Kelm  
Manager, Hardware Engineering
