Office of Engineering Technology  
Federal Communications Commission  
7435 Oakland Mills Road  
Columbia, MD 21046

Pursuant to sections 0.407(d)(1)(ii) and 0.459 of the Commission's rules, this letter requests confidential treatment of following material filed in support of the above-referenced application. Spectralink Corporation requests the following documents be held as confidential until such time as the product is released per FCC Public Notice 04-1705.

- Set up photos
- Product Internal Photos
- Product external photos
- User manual
- Quick start guide

The information contained in the document presents information about Spectralink Corporation Model No.: 875X that is being certified for commercial development. If competitors were to have access to this document both before and after release, they would have knowledge of Spectralink Corporation proprietary technology and would be able to use this advance knowledge to their advantage. This could result in substantial competitive harm to Spectralink Corporation ability to bring future product to market, should that decision be made.

1. Identification of any measures taken by the submitting party to prevent unauthorized disclosure.
  - a. Information about Spectralink Corporation products currently under development is considered by the company to be commercially sensitive information that employees are not permitted to discuss outside the company.
2. Identification of whether the information is available to the public and the extent of any previous disclosure of information to third parties.
  - a. Information about product development is not routinely provided to the public, and is not available on Spectralink Corporation web site. No information about this product has been publicly disclosed. Third party disclosures are only done under a Nondisclosure Agreement (NDA).
3. Justification of the period during which the submitting party asserts that material should not be available for public disclosure.
  - a. We further authorize the release of the above information after the official product launch scheduled for February 28, 2014.

This request is in addition to our request to withhold specific Spectralink Corporation technology confidential for the life of the product per applicable regulations.

Sincerely,

Name: Jeff Kelm

Title: Manager, Hardware Development
