Subject: Description of Class II permissive change of FCC ID: IYL5056

Dear Sir or Madam,

Submitted herewith is a request for approval of a Class II permissive change of equipment previously granted an equipment authorization under FCC ID IYL5056.

The equipment changes involve modification of the values of discrete components used on the antenna printed circuit board. The new values of these discrete components are as follows:

Component	New Value
R11	0 Ω
C101	12 pF
C102	10 pF
C103	12 pF
VC12	100 k Ω

There were no changes to the physical layout of the antenna printed circuit board. Only the values of the discrete components have been changed.

Please contact me if there are any questions or if further information is required concerning this filing.

Sincerely,

John T. Fessler
