Subject: Module Checklist Implementation

Lexmark implements a two reviewer system where two separate reviewers from different departments review the module integration checklist for consistency and content. All OEM user guides are created and maintained by Lexmark and undergo the two reviewer module integration checklist review.

If you have any questions or comments, please do not hesitate to contact me.

Sincerely,

A handwritten signature in blue ink, appearing to read "Thomas Bugbee", is written over a light blue horizontal line.

Thomas Bugbee
