

FCC Form 731
Mitutoyo America Corporation
Parts List & Tune-Up Information
July 2002

FCC ID: J3E06MW-TALL
PARTS LIST & TUNE-UP INFORMATION

Mitutoyo began selling industrial measuring devices with an earlier version of this transmitter (FCC ID No. J3E05MW-TALL) in 1994. Mitutoyo has not and will not provide its customers with a parts list or tune-up information. When a transmitter is no longer functioning, a replacement transmitter is sent to the customer and the original is sent to Japan for repairs.
