

Report pages location for the Power Output, Spectral density, 6-dB Bandwidth, Out-of-Band emissions data for the 2.4 GHz Mini PCI card.

6-dB Bandwidth (Page 20 of 23) Test Procedure

6-dB Bandwidth Data Plots are located in 56 of 92 of the complete Report

Peak Output Power (Page 20 of 23) Test Procedure

Power Output Data is located in 60 of 92 of the complete Report

Spectral Density Output (Page 20 of 23) Test Procedure

Spectral Density Data Plots are located in 62 of 92 of the complete Report

RF Antenna Conducted Test (Page 21 of 23) Test Procedure

RF Antenna Conducted Data Plots are located in 66 of 92 of the complete Report

Processing Gain (A separate report label "Processing Gain")
