RE: Request for Confidentiality for the application for certification of FCC ID: **J9C-65VE239P2**

Pursuant to Sections 0.457(d)(I)(ii) and 0.459 of the Commission's Rules, we hereby request confidential treatment of information accompanying this application as outlined below:

Theory of Operations
Schematics
Block diagrams

Installation Guide (short term)
Internal photographs (pictures) (short term)
External photographs (pictures) (short term)

The above materials contain trade secrets, detailed system and equipment descriptions and related information about the product that QUALCOMM considers to be proprietary, confidential and a custom design which otherwise would not be released to the public. Since this design is a basis from which future technological products will evolve, QUALCOMM considers that this information would be of benefit to its competitors and that disclosure of the information in these documents would give competitors an unfair advantage in the market.

Sincerely,

Fang Han

A handwritten signature in black ink, appearing to read "Fang Han", with a stylized, sweeping flourish at the end.
