Qualcomm Incorporated

Re: Authorization for Qualcomm to use Huawei MU509-c documentation

To whom it may concern:

Huawei Device USA Inc. ("Huawei") hereby authorizes Qualcomm Incorporated ("Qualcomm") to use MU509-c test reports & product technical files previously provided by Qualcomm to Qualcomm (the "Materials") for the purpose of applying for Type Approvals/Certifications for Qualcomm's 2net HUB.

It is our understanding that Qualcomm has integrated the MU509-c module into the 2net product and made no changes to the module itself. .

To the extent that any of the Materials contain Qualcomm confidential information, any disclosure of such Materials shall be subject to non-disclosure and confidentiality restrictions substantially similar to those under which the Materials were provided by Huawei to Qualcomm.

If you have any questions in regards to this authorization, please contact us. Thank you for your consideration.

Sincerely,

*Yuhuan Cai*
