Dear Claire and Thu:

You are listed as the Technical Contacts for the above referenced TCB application. The following items need to be resolved before the review can be continued:

1. The RF test report documents compliance with RSS-133 Issue 4. Please confirm if this device complies with the most recent Issue #5 and update the exhibits accordingly. Additionally, page 6 of 57 of the report describes this module as a "ruggedized Win Mobile PDA device.." (Please note that the exhibits for the IC application AN09I2950 have not yet been uploaded).

<answer> revised report is attached.
IC application AN09I2960 is uploaded.

2. Please describe in detail the changes made to this device to implement the CDMA2000 capability. Are there any hardware changes?

<answer> there are no hardware changes to implement CDMA2000, only software.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.

Best regards,

Chris Harvey
