Frank Coperich:

This e-mail will be printed to disk using PDFWriter and submitted as an attachment pdf file to each of the remaining Globalstar UT filings via the filing submissions Webpage. It is also being sent to you directly, because lacking an open correspondence Reference Number for each filing, it is not possible to submit correspondence to those filings. And also so that we will have a record of what was submitted.

Per your below appended request and pursuant to the DFUT filing correspondence, here are the revisions to our confidentiality requests (identified by confidentiality request letter item number) for the remaining Globalstar UT filings:

We withdraw our request for confidentiality of items 1 through 7 of our SMP UT confidentiality request letter (FCC ID: J9CGSSM1, EA94445).

We withdraw our request for confidentiality of items 1 through 10 of our TMP UT confidentiality request letter (FCC ID: J9CGSTM1, EA94735).

We withdraw our request for confidentiality of items 1 through 8 of our AFUT confidentiality request letter (FCC ID: J9CGSAF1, EA94736).

We withdraw our request for confidentiality of items 1 through 7 of our Car Kit confidentiality request letter (FCC ID: J9CGSCK1, EA94778).
