Subject : Supersede Request for FCC ID JCK-ANK

To Whom It May Concern,

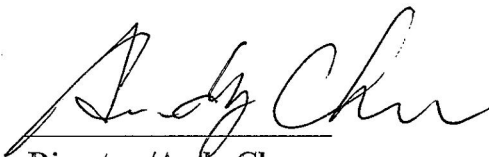

Since Giga Byte Technology Co., Ltd (the applicant) would like to add short-term confidentiality for inner photo, external photo, setup photo and user manual and add operation description to long-term confidentiality, we here request you to supersede two documents, **(D-R0001) Confidentiality** and **(D-R0001) TestRpt** which will be replaced by documents **Confidential** and **(D-R0001) TestRpt_20100713**.

The reasons we need to supersede:

1. (D-R0001) Confidentiality without short term confidentiality.
2. (D-R0001) TestRpt including operation description.

Giga Byte Technology Co., Ltd (the applicant) attests that none of the products certified under FCC ID: JCK-ANK has been marketed in the U.S. since the certification was granted on 05 July 2010“.

Please kindly accept and proceed our request.
Thanks for your understanding.
