Index

—A—

Altitude and temperature, 2-8
Antennas
  Characteristics, 2-12
  Installing, 3-23, 3-24
  Overview, 3-23

—C—

Cables
  Cable usage table, 3-10
  Recommended cables, 3-11
CBS
  Cable usage table, 3-10
  Characteristics, 2-10
  Connecting secondary CBSs, 3-18
  Data connectors, 3-13
  Installing, 3-5, 3-16
  Kit numbers, A-3
  LEDs, 3-14
  Model number and codes, A-1
  Parts order information, A-1
  Power connectors, 3-13
  Power supply characteristics, 2-11
  Recommended cables, 3-11
  System cable connections, 3-5, 3-7
  Type 1 (lab) installation, 3-18
Chapter summaries, 1-2
Characteristics
  Antennas, 2-12
  CBS, 2-10
  CBS power supply, 2-11
  ESLs, 2-13
Customer responsibilities, 2-2

—E—

Electrical requirements, 2-3
Environmental requirements, 2-6
  Altitude and temperature, 2-8
  Health and safety, 2-9
  Temperature and humidity, 2-6
ESL
  Characteristics, 2-13
  Displays and symbols, 2-15

—G—

Grounding requirements, 2-4

—H—

Hardware installation, 3-1
Health and safety, 2-9

—I—

Installation
  Antennas, 3-23
  CBS, 3-5
  CBS power supply, 3-21
  CBS power supply to primary CBS, 3-21

Hardware, 3-1
Recommendations, 3-2
Windows NT software, 4-2

—K—

Kit numbers, A-3
