Subject: Re: Application uploaded

Hi

Submit another "cover letter" exhibit, via Add Attachments. Title it something like: "CONFIDENTIALITY FOR THEORY OF OPERATION" or "ADDITIONAL FILE TO BE HELD CONFIDENTIAL". Something that will catch the attention of the reviewing staff. They can then so mark the exhibit.

Hope this helps.

Bette,

I was just uploading an application and believe that I may have forgot to check confidential on one of the files.

The application is FCC ID: JEH7730GAI

the Confirmation number is EA100584

the file was the theory of operation file.

Thanks,
