

# ATH-CKS550XBT

**User Manual**  
Wireless Headphones

# Introduction

Before using the product, please read through the Quick Start Guide and Caution Guide, as well as this user manual when necessary, to ensure that you use the product correctly.

## Safety precautions

Although this product was designed to be used safely, failing to use it correctly may result in an accident. To ensure safety, observe all warnings and cautions while using the product.

### Cautions for the product

- Do not use the product near medical equipment. Radio waves may affect cardiac pacemakers and medical electronic equipment. Do not use the product inside medical facilities.
- When using the product in aircraft, follow airline instructions.
- Do not use the product near automatic control devices such as automatic doors and fire alarms. Radio waves may affect electronic equipment and cause accidents due to malfunction.
- Do not disassemble, modify or attempt to repair the product to avoid electric shock, malfunction or fire.
- Do not subject the product to strong impact to avoid electric shock, malfunction or fire.
- Do not handle the product with wet hands to avoid electric shock or injury.
- Disconnect the product from a device if the product begins to malfunction, producing smoke, odor, heat, unwanted noise or showing other signs of damage. In such a case, contact your local Audio-Technica dealer.
- Do not allow the product to get wet to avoid electric shock or malfunction.
- Do not put foreign matter such as combustible materials, metal, or liquid in the product.
- Do not cover the product with a cloth to avoid fire or injury by overheating.
- Follow applicable laws regarding mobile phone and headphone use if using headphones while driving.
- Do not use the product in places where the inability to hear ambient sound presents a serious risk (such as at railroad crossings, train stations, and construction sites).
- The product effectively shields external sound, so you may not hear sound around you clearly while wearing the product. Adjust the volume to a level where you can still hear background sound and monitor the area around you while listening to music.
- Store the eartips out of the reach of small children.
- When charging, make sure to use the included USB charging cable.
- Do not charge with devices that have quick-charge functionality (with a voltage of 5 V or more). Doing so may cause the product to malfunction.
- To prevent damage to your hearing, do not raise the volume too high. Listening to loud sound for an extended period may cause temporary or permanent hearing loss.
- Discontinue use if skin irritation results from direct contact with the product.
- If you begin to feel unwell while using the product, discontinue use immediately.
- When removing the product from your ears, check to make sure the eartips are still attached to the main unit. If the eartips become lodged in your ears and you are unable to remove them, consult a physician at once.
- If you develop an itch from wearing the product, discontinue use.

# Safety precautions

## Cautions for rechargeable battery

The product is equipped with a rechargeable battery (lithium polymer battery).

- If battery fluid gets into eyes, do not rub them. Rinse thoroughly with clean water such as tap water and consult a doctor immediately.
- If battery fluid leaks, do not touch fluid with bare hands. If fluid remains inside the product, it may cause malfunction. If battery fluid leaks, contact your local Audio-Technica dealer.
  - If fluid gets in your mouth, gargle thoroughly with clean water such as tap water and consult a doctor immediately.
  - If your skin or clothing comes in contact with fluid, immediately wash the affected skin or clothing with water. If you experience skin irritation, consult a doctor.
- To avoid leakage, generation of heat or explosion:
  - Never heat, disassemble or modify the battery, nor dispose of it in a fire.
  - Do not attempt to pierce with a nail, hit with a hammer or step on the battery.
  - Do not drop the product or subject it to strong impact.
  - Do not get the battery wet.
- Do not use, leave or store the battery in the following places:
  - Area exposed to direct sunlight or high temperatures and humidity
  - Inside of a car under the blazing sun
  - Near heat sources such as heat registers
- Charge only with the included USB cable to avoid malfunction or fire.
- The internal rechargeable battery of this product cannot be replaced by the user. The battery may have reached the end of its service life if the usage time becomes significantly shorter even after the battery has been fully charged. If this is the case, the battery needs to be repaired. Contact your local Audio-Technica dealer for repair details.
- When the product is disposed of, the built-in rechargeable battery needs to be discarded properly. Contact your local Audio-Technica dealer to learn how to properly dispose of the battery.

### For customers in the USA

#### FCC Notice

#### Warning

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

#### Cautions

You are cautioned that any changes or modifications not expressly approved in this manual could void your authority to operate this equipment.

**Note:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

### RF Exposure Statement

This transmitter must not be co-located or operated in conjunction with any other antenna or transmitter used in other systems. This device complies with FCC radiation exposure limits set forth for an uncontrolled environment and meets the FCC radio frequency (RF) Exposure Guidelines. This equipment has very low levels of RF energy that is deemed to comply without testing of specific absorption rate (SAR).

### For customers in Canada

#### IC statement

CAN ICES-3 (B)/NMB-3(B)

This device complies with INDUSTRY CANADA R.S.S. 247.

Operation is subject to the following conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference which may cause undesired operation.

Under Industry Canada regulations, this radio transmitter may only operate using an antenna of a type and maximum (or lesser) gain approved for the transmitter by Industry Canada. To reduce potential radio interference to other users, the antenna type and its gain should be so chosen that the equivalent isotropically radiated power (e.i.r.p.) is not more than that necessary for successful communication.

This device complies with RSS-102 radiation exposure limits set forth for an uncontrolled environment.

## Notes on use

- Be sure to read the connected device's user manual before use.
- Audio-Technica will not be liable in any way for any loss of data in the unlikely event that such losses should occur while using the product.
- On public transportation or in other public places, keep the volume low so as not to disturb other people.
- Minimize the volume on your device before connecting the product.
- When using the product in a dry environment, you may feel a tingling sensation in your ears. This is caused by static electricity accumulated on your body, not by product malfunction.
- Do not subject the product to strong impact.
- Do not store the product in direct sunlight, near heating devices, or in hot, humid, or dusty places. Additionally, do not allow the product to get wet.
- When the product is used for a long time, the product may become discolored due to ultraviolet light (especially direct sunlight) and wear.
- Make sure to hold the plug when connecting and disconnecting the USB charging cable. The USB charging cable may become severed or an accident may occur if you pull on the cable itself.
- When you are not using the USB charging cable, disconnect it from the product.
- If the product is placed in a bag while the USB charging cable is still connected, the USB charging cable may become caught, severed, or broken.
- When you are not using the product, store it in the included pouch.
- This product can be used to talk on the phone only when using a mobile telephone network. Support for telephony apps that use a mobile data network is not guaranteed.
- If you use the product near an electronic device or transmitter (such as a mobile phone) which is not connected with the product, unwanted noise may be heard. In this case, move the product away from the electronic device or transmitter.
- If you use the product near a TV or radio antenna, noise may be seen or heard in the television or radio signal. In this case, move the product away from the TV or radio antenna.
- To protect the built-in rechargeable battery, charge it at least once every 6 months. If too much time passes between charges, the life of the rechargeable battery may be reduced, or the rechargeable battery may no longer be able to be charged.

## For a more comfortable Bluetooth® communication experience

The effective communication range of this product varies depending on obstructions and radio wave conditions.

For a more enjoyable experience, please use the product as close as possible to the Bluetooth device. To minimize noise and sound disruptions, avoid placing your body or other obstacles between the product's antenna and the Bluetooth device.

# Part names and functions

## ■ Accessories

• USB charging cable (30 cm (12"))

• Eartips\* (XS, S, M, L)

• Clip

• Pouch

\* At the time of purchase, the M-size eartips are attached to the main unit.

# Charging the battery

- Fully charge the battery when using for the first time.
- When the rechargeable battery is running low, the product will emit a low battery level warning sound through the headphones, and an indicator lamp will flash in red. When these beeps sound, charge the battery.
- It takes about 3 hours to charge the battery fully. (This time may vary depending on usage conditions.)
- While the battery is charging, the product's Bluetooth connection remains disabled and therefore the product cannot be used.

1. Open the battery jack cover.
2. Connect the included USB charging cable (Micro USB Type-B side) to the battery jack.
  - The included USB charging cable is designed for exclusive use with the product. Do not use any other USB charging cable.
  - When inserting the USB charging cable into the USB port or battery jack, check that the jack is facing in the correct direction before inserting it directly (horizontally).

3. Connect the included USB charging cable (USB Type-A side) to the computer to start charging.
  - You can also use a USB-compatible AC adapter (sold separately by Audio-Technica) to charge the battery by using a power outlet.
  - During charging, the indicator lamp lights as follows: \*
    - Lit in red: When charging
    - Lit in blue: Charging complete
  - \* It may take several seconds for the indicator lamp to light.
4. When charging is complete, disconnect the USB charging cable (USB Type-A side) from the computer.
5. Disconnect the USB charging cable (Micro USB Type-B) from the battery jack and close the cover firmly.

# Connecting via Bluetooth wireless technology

## About pairing

To connect the product to a Bluetooth device, the product needs to pair (register) with the device. Once they are paired, you do not need to pair them again.

However, you will need to pair again in the following cases:

- If the product is deleted from the Bluetooth device's connection history.
- If the product is sent out for repair.
- If 9 or more devices are paired.

(This product can save the pairing information of up to 8 devices. When you pair with a new device after pairing with 8 devices, pairing information for the device with the oldest connection date will be overwritten by the information for the new device.)

## Pairing a Bluetooth device

- Read the user manual for the Bluetooth device.
  - Place the Bluetooth device within 1 m (3.3') of the product to perform pairing correctly.
  - To confirm the progress of the pairing process, wear the product while performing this procedure and listen for the confirmation tone.
1. Starting with the product turned off, slide the power switch to the "ON" position.
    - The indicator lamp will light in purple, and then flash in red and blue.
  2. Use your Bluetooth device to begin the pairing process and search for the product.  
When your Bluetooth device finds the product, "ATH-CKS550XBT" will be displayed on the device.
    - For information about using your Bluetooth device, refer to the device's user manual.
  3. Select "ATH-CKS550XBT" to pair the product and your Bluetooth device.
    - Some devices may ask for a passkey. In this case, enter "0000". The passkey may also be called a passcode, PIN code, PIN number, or password.
    - The product sounds a confirmation tone when pairing is complete.

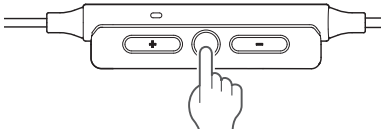

## Using the product

The product can use Bluetooth wireless technology to connect to your device and play music, receive phone calls, etc. Use the product for whichever of these purposes suits your needs.

Note that Audio-Technica cannot guarantee the operation of displays, such as the battery level display, or applications via Bluetooth devices.

### Power supply ON/OFF

Power supply	Power supply / Control button operation		Indicator lamp
ON*1	Press and hold		Lights in purple, then flashes in red and blue*2*3
OFF*1			Lights in purple, then turns off*3

\*1 If you are wearing the product, you will hear a beep to indicate when the product has turned on and off.

\*2 It may take several seconds for the indicator lamp to light.

\*3 For details, please refer to "Indicator lamp display" (p. 10).

### Wearing the product

- Insert the side of the product marked "L" (LEFT) into the left ear and the side marked "R" (RIGHT) into the right ear, and then adjust the eartips.
- Wear the product so that the battery case rests on your back.
- When using the included clip, attach it to the battery case as shown in the figure. It can be used by affixing to a shirt collar, etc.

# Using the product

## Listening to music

- To connect for the first time, pair the product and your device via Bluetooth wireless technology. If you have already paired the product and your Bluetooth device, turn on the Bluetooth device's Bluetooth connection before turning on the product.
- Use your Bluetooth device to start playback, referring to the device's user manual as necessary.

### Power supply/Control button

Press	<b>Play/pause</b>	Plays or pauses music and video playback.*1
-------	-------------------	---

### Volume buttons

+ button	Press	<b>Volume up</b>	Increases the volume by 1 level.*2
	Press and hold (for about 2 seconds)	<b>Skip forward</b>	Plays the next track.*1
- button	Press	<b>Volume down</b>	Decreases the volume by 1 level.*2
	Press and hold (for about 2 seconds)	<b>Skip back</b>	Plays the previous track.*1

\*1 Some controls may not be available for music and video playback on some smartphones.

\*2 A confirmation tone is heard each time you press the button. A low beep is heard when the volume is at the maximum or minimum level.

- The volume control of some devices may not work well with the product.

# Using the product

## Talking on the phone

- If your Bluetooth device supports telephone features, you can use the product to talk on the phone.
- When your Bluetooth device receives a phone call, the product sounds a ring tone.
- If a call is received while you are listening to music, music playback is paused. When you finish the call, music playback resumes.\*1

When	Operation	Function
Receiving a call	Press the power supply/control button.	Answers the call.
	Press and hold the power supply/control button (for about 2 seconds).	Rejects the call.
Talking on a call	Press the power supply/control button.	Ends the call.
	Press and hold the power supply/control button (for about 2 seconds). <sup>*2</sup>	Each time you press and hold the button (about 2 seconds), you switch the call to your mobile phone or to the product. <sup>*2</sup>
	Press a volume button (+ or -).	Adjusts the volume (+ or -) of the call.

\*1 Depending on your Bluetooth device, music playback may not resume.

\*2 When you hear a confirmation tone, release the power supply/control button.

- The phone call controls explained above may not be available on some smartphones.

## Auto power off function

The product automatically turns off after 5 minutes of not being connected to a device.

## Reset function

If the product does not work or other malfunctions occur, refer to "Charging the battery" (p. 5) and connect the USB charging cable that is carrying power, and then reset the product. Disconnecting and then reconnecting the USB charging cable should resolve any problem you are experiencing. If the problem persists, please contact your local Audio-Technica dealer. Resetting the product will not change any of your settings (pairing information, volume setting, etc.).\*

\* The SBC priority connection (p. 13) will be disconnected.

# Indicator lamp display

The indicator lamp of the product indicates the product's status as explained below.

Status		Indicator lamp display pattern <span style="color: red;">●</span> Red <span style="color: blue;">●</span> Blue <span style="color: purple;">●</span> Purple

Charge	Charging	<span style="color: red;">▬</span> ...	Lit
	Fully-charged	<span style="color: blue;">▬</span> ...	Lit

# Cleaning

Get into the habit of regularly cleaning the product to ensure that it will last for a long time. Do not use alcohol, paint thinners, or other solvents for cleaning purposes.

- To clean, wipe with a dry cloth.
- Immediately wipe off any moisture such as sweat from the battery jack or operating areas such as the buttons. Failure to do so may result in a malfunction due to corrosion.
- Natural oils from the skin are particularly likely to build up on the eartip attachment parts (see figure at right). If these areas are not cleaned, the eartips can become detached. Clean them regularly. Do not touch the areas where sound is produced as they are delicate. Doing so may result in malfunction.
- Wipe away any perspiration or dirt from the cable with a dry cloth immediately after use. Failure to clean the cable may cause it to deteriorate and harden over time, resulting in malfunction.
- Wipe the cable's USB plug with a dry cloth if dirty.
- Clean the eartips by removing them from the headphones and manually cleaning them with a diluted mild detergent. After cleaning, dry before using again.

- If the product will not be used for an extended period of time, store it in a well-ventilated place free from high temperatures and humidity.

# Eartips

## Eartip size

The product includes silicone eartips in 4 sizes (XS, S, M, and L). At the time of purchase, the M-size silicone eartips are attached.

To ensure the best sound quality, select the eartip size that is best suited for you, and adjust the eartips inside your ears for a snug fit. It may be difficult to hear bass sounds if the eartips do not fit snugly in your ears.

## Replacing the eartips

Remove the old eartip and attach the new eartip by pushing it onto the headphone at an angle (see figure).

Push firmly on the eartip so that the inside of the eartip expands, and push the eartip onto the post as far as it will go.

- Periodically remove and clean the eartips as they become dirty easily. Using dirty eartips may cause the headphones themselves to become dirty, resulting in deteriorated sound quality.
- Eartips are consumable parts that degrade through storage and use. If the eartips are loose and easily removed or if they appear to have degraded, purchase replacements.
- When reattaching eartips that were previously removed, be sure to check that they are securely attached. Injury or illness may occur if the eartips become detached and are left inside the ear.

# Troubleshooting

<b>Problem</b>	<b>Solution</b>
Power is not supplied.	<ul style="list-style-type: none"><li>• Charge the product.</li></ul>
Unable to pair.	<ul style="list-style-type: none"><li>• Confirm that the Bluetooth device communicates using Ver. 2.1+EDR or higher.</li><li>• Place the product and the Bluetooth device within 1 m (3.3') of each other.</li><li>• Set the profiles for the Bluetooth device. For procedures on how to set profiles, refer to the Bluetooth device's user manual.</li><li>• Remove the pairing information for the Bluetooth device then pair the product with this device again.</li></ul>
No sound is heard / Sound is faint.	<ul style="list-style-type: none"><li>• Turn on the power of the product and the Bluetooth device.</li><li>• Turn up the volume of the product and the Bluetooth device.</li><li>• If the Bluetooth device is set to the HFP/HSP connection, switch to the A2DP connection.</li><li>• Move away from obstacles between the product and the Bluetooth device, such as people, metal or walls, and place the product and device closer together.</li><li>• Switch the sound output of the Bluetooth device to the Bluetooth connection.</li></ul>
Sound is distorted / Noise is heard / Sound cuts out.	<ul style="list-style-type: none"><li>• Turn down the volume of the product and the Bluetooth device.</li><li>• Keep this product away from devices that emit radio waves such as microwaves and wireless routers.</li><li>• Keep this product away from TVs, radios, and devices with built-in tuners. These devices can also be affected by the product.</li><li>• Turn off the equalizer settings of the Bluetooth device.</li><li>• Remove obstacles between the product and the Bluetooth device and place them closer together. For details, please refer to "For a more comfortable Bluetooth® communication experience" (p. 3).</li></ul>
Cannot hear the voice of the caller / Voice of the caller is too quiet.	<ul style="list-style-type: none"><li>• Turn on the power of the product and the Bluetooth device.</li><li>• Turn up the volume of the product and the Bluetooth device.</li><li>• If the Bluetooth device is set to the A2DP connection, switch to the HFP/HSP connection.</li><li>• Switch the sound output of the Bluetooth device to the Bluetooth connection.</li></ul>
The product cannot be charged.	<ul style="list-style-type: none"><li>• Securely connect the included USB charging cable and charge the product.</li></ul>
Sound is delayed (video and audio are out of sync)	<ul style="list-style-type: none"><li>• Refer to "SBC priority connections (for when sound is delayed significantly)" (p. 13) to change the codec connection to SBC.</li></ul>

- For details about how to operate your Bluetooth device, refer to the device's user manual.
- If the problem still remains, reset the product. To reset the product, refer to "Reset function"(p. 9).

# Troubleshooting

## SBC priority connections (for when sound is delayed significantly)

When the connection codec is AAC, significant sound delays can be alleviated by changing the connection codec to SBC, which comes standard with Bluetooth devices.\*1

- For details on the flashing and lit displays of the indicator lamp, refer to “Indicator lamp display” (p. 10).

### Connecting to a SBC priority connection

#### When the pairing with a Bluetooth device has been completed

1. Turn the product power to “ON”.
2. With music or video paused, press and hold the + and - volume buttons simultaneously (for about 2 seconds).
  - If the indicator lamp flashes in purple and then continues with short flashes in purple, the settings are complete.
  - After the settings are complete, this product will automatically be connected to the Bluetooth device for which pairing was completed.\*2

#### Before pairing with a Bluetooth device

1. Turn the product power to “ON”.
2. With the indicator lamp showing the searching for device status, press and hold the + and - volume buttons simultaneously (for about 2 seconds).
  - The indicator lamp will flash in purple.
3. With the indicator lamp flashing in purple, refer to steps 2 and 3 of “Pairing a Bluetooth device” (p. 6) to perform the pairing operation.
  - If the indicator lamp changes to short flashes in purple, the settings are complete.
  - After pairing via an SBC priority connection is complete, the only available connection codec will be SBC. Connections using other codecs will not be possible.\*3

\*1 Depending on the usage environment, changing to an SBC priority connection may not alleviate sound delays.

\*2 If a connection is not made automatically, refer to “Pairing a Bluetooth device”(p. 6) and perform pairing operations again.

\*3 Turning the power off and then turning it back on will result in a return to a normal connection and enable connections using other codecs. Please connect using an SBC priority connection when necessary.

# Specifications

## Headphones

Type	Dynamic
Driver	9.8 mm
Sensitivity	105 dB/mW
Frequency response	5 to 40,000 Hz
Impedance	16 ohms

## Microphone

Type	Electret condenser
Polar pattern	Omnidirectional
Sensitivity	-44 dB (1 V/Pa, at 1 kHz)
Frequency response	100 to 10,000 Hz

## Communication specifications

Communication system	Bluetooth version 4.1
RF output	1.4 mW EIRP
Maximum communication range	Line of sight - approx. 10 m (33')
Frequency band	2.402 GHz to 2.480 GHz
Modulation method	FHSS
Compatible Bluetooth profiles	A2DP, AVRCP, HFP, HSP
Support codec	AAC, SBC
Supported content protection method	SCMS-T
Transmission band	20 to 20,000 Hz

## Other

Power supply	DC 3.7 V lithium polymer battery
Charging time	Approx. 3 hours*
Operating time	Continuous transmission time (music playback): Max. approx. 7 hours* Continuous standby time: Max. approx. 200 hours*
Weight	18 g (0.63 oz)
Operating temperature	5°C to 40°C (41°F to 104°F)
Accessories	<ul style="list-style-type: none"><li>• USB charging cable (30 cm (12") USB Type-A / Micro USB Type-B)</li><li>• Eartips (XS, S, M, L)</li><li>• Clip</li><li>• Pouch</li></ul>
Sold separately	<ul style="list-style-type: none"><li>• Eartips ER-CK50 (XS, S, M, L)</li></ul>

\* The above figures depend on operating conditions.

For product improvement, the product is subject to modification without notice.

## audio-technica

Thank you for purchasing this Audio-Technica product. Before using the product, read through this caution guide to ensure that you will use the product correctly. Please keep this guide for future reference.

Nous vous remercions d'avoir choisi ce produit Audio-Technica. Avant utilisation, merci de lire attentivement ce guide de mise en garde pour vous assurer du bon usage du produit. Veuillez conserver ce manuel pour consultation ultérieure.

Vielen Dank für den Kauf dieses Audio-Technica-Produkts. Lesen Sie diese Sicherheitsanweisungen vor Gebrauch des Produkts, um sicherzustellen, dass Sie es korrekt verwenden. Bitte bewahren Sie die Anleitung für später anfallende Fragen auf.

Grazie per aver scelto questo prodotto Audio-Technica. Prima dell'uso, leggere attentamente la presente guida precauzionale per assicurarsi di utilizzare correttamente il prodotto. Conservare il manuale per qualsiasi riferimento futuro.

A agradecemos a compra de este produto de Audio-Technica. Antes de utilizá-lo, leia esta Guia de Precaucões para assegurar-se de que lo utilizará correctamente. Conserve este manual para consultarlo en un futuro.

Obrigado por comprar este produto de Audio-Technica. Antes de usar o produto, leia atentamente este Guia de Precaucões de segurança para assegurar seu uso correto. Guarde este manual para futuras consultas.

Благодарим вас за приобретение данного изделия компании Audio-Technica. Перед использованием изделия внимательно прочтите данное руководство по мерам предосторожности, чтобы обеспечить правильную эксплуатацию изделия. Сохраните данное руководство для использования в будущем.

感謝購買本「鐵三角」產品。在使用產品之前，請全文浏览此注意事項指南以確保您將正確地使用本產品。請妥善保管本手冊以供未來參考。

感謝購買本「鐵三角」產品。使用前，請務必詳細閱讀本注意事項，確保以正確的方式使用本產品。請妥善保管使用說明書以備日後參考。

Audio-Technica 제품을 구매해 주셔서 감사드립니다. 본 제품을 올바르게 사용할 수 있도록, 제품을 사용하기 전에 본 주의사항 안내를 꼭읽어주세요. 나중에 참조할 수 있도록 이 설명서를 보관하십시오.

## English

Although this product was designed to be safe wiring, failing to use it correctly may result in an accident. To ensure safety, observe all warnings and cautions while using the product.

### Safety precautions

#### Cautions for the product

- Do not use the product near medical equipment. Radio waves may affect cardiac pacemakers and medical electronic equipment. Do not use the product inside medical facilities.
- When using the product in aircraft, follow airline instructions.
- Do not use the product near automatic control devices such as automatic doors and fire alarms. Radio waves may affect electronic equipment and cause accidents due to malfunction.
- Do not disassemble, modify or attempt to repair the product to avoid electric shock, malfunction or fire.

Do not subject the product to strong impact to avoid electric shock, malfunction or fire. Do not handle the product with wet hands to avoid electric shock or injury.

Disconnect the product from a device if the product begins to malfunction, producing smoke, odor, heat, unwanted noise or showing other signs of damage. If the product is damaged, contact your local Audio-Technica dealer.

Do not allow the product to get wet to avoid electric shock or malfunction. Do not put foreign matter such as combustible materials, metal, or liquid in the product.

Do not cover the product with a cloth to avoid fire or injury by overheating. Follow applicable laws regarding mobile phone and headphone use if using headphones while driving.

Do not use the product in places where the inability to hear ambient sound presents a serious risk (such as at railroad crossings, train stations, and construction sites).

The product effectively shields external sound, so you may not hear sound around you clearly while wearing the product. Adjust the volume to a level where you can still hear background sound and monitor the area around you while listening to music.

Store the earpads out of the reach of small children.

When charging, make sure to use the included USB charging cable.

Do not charge with devices that have quick-charge functionality (with a voltage of 5V or more). Doing so may affect the battery and cause damage.

To prevent damage to your hearing, do not cause the volume to high. Listening to loud sound for an extended period may cause temporary or permanent hearing loss.

Do not use the product with earbuds that do not have a hearing protection. Do not use the product with earbuds that do not have a hearing protection.

When you begin to feel unwell while using the product, discontinue use immediately.

When removing the product from your ears, check to make sure the earpads are still attached to the main unit. If the earpads become lodged in your ears and you are unable to remove them, consult a physician at once.

If you develop an itch when wearing the product, discontinue use.

**Cautions for rechargeable battery**

The product is equipped with a rechargeable battery (lithium polymer battery).

If battery fluid gets into eyes, do not rub them. Rinse thoroughly with clean water such as tap water and consult a doctor immediately.

If battery fluid leaks, do not touch fluid with bare hands. If fluid remains inside the product, it may cause malfunction. If battery fluid leaks, contact your local Audio-Technica dealer.

If fluid gets in your mouth, gargle thoroughly with clean water such as tap water and consult a doctor immediately.

If your skin or clothing comes in contact with fluid, immediately wash the affected skin or clothing with water. If you experience skin irritation, consult a doctor.

To avoid leakage, generation of heat or explosion, do not dispose of it in a fire.

Never heat, disassemble or modify the battery, nor dispose of it in a bin.

Do not attempt to pierce with a nail, hit with a hammer or step on the battery.

Do not drop the product or subject it to strong impact.

Do not use, leave or store the battery in the following places:

Area exposed to direct sunlight or high temperatures and humidity

Inside of a car under the blazing sun

Near heat sources such as heat registers

Charge only with the included USB cable to avoid malfunction or fire.

The internal rechargeable battery of this product cannot be replaced by the user. If the battery may have reached the end of its service life if the usage time becomes significantly shorter even after the battery has been fully charged. If this is the case, the battery needs to be repaired. Contact your local Audio-Technica dealer for repair details.

When the product is disposed of, the built-in rechargeable battery needs to be discarded properly. Contact your local Audio-Technica dealer to learn how to properly dispose of a battery.

**For customers in the USA**

**FCC Notice**

**Warning**

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that causes undesired operation.

**Cautions**

You are cautioned that any changes or modifications not expressly approved by this manual could void your authority or invalidate this equipment.

## For a more comfortable Bluetooth® communication experience

The effective communication range of this product varies depending on obstructions and radio wave conditions.

For a more enjoyable experience, please use the product as close as possible to the Bluetooth device. To minimize noise, avoid placing your product near speakers, or other obstacles between the product's antenna and the Bluetooth device.

For more information, please refer to the user manual for the Bluetooth device. To minimize noise, avoid placing your product near speakers, or other obstacles between the product's antenna and the Bluetooth device.

For more information, please refer to the user manual for the Bluetooth device. To minimize noise, avoid placing your product near speakers, or other obstacles between the product's antenna and the Bluetooth device.

For more information, please refer to the user manual for the Bluetooth device. To minimize noise, avoid placing your product near speakers, or other obstacles between the product's antenna and the Bluetooth device.

For more information, please refer to the user manual for the Bluetooth device. To minimize noise, avoid placing your product near speakers, or other obstacles between the product's antenna and the Bluetooth device.

For more information, please refer to the user manual for the Bluetooth device. To minimize noise, avoid placing your product near speakers, or other obstacles between the product's antenna and the Bluetooth device.

## À l'attention des clients au Canada

**Déclaration IC**

CAN ICES-3 (B)/NMB-3(B)

Cet appareil est conforme à la norme INDUSTRIE CANADA (N147).

Son fonctionnement est soumis aux conditions suivantes : (1) Cet appareil ne doit pas émettre de rayonnement radioélectrique au-delà des limites autorisées, et (2) cet appareil doit accepter les interférences reçues, y compris les interférences provenant d'appareils fonctionnant indésirables.

En vertu des règlements de l'Industrie Canada, cet appareil radio peut uniquement fonctionner avec des antennes de type et de gain maximum (ou modèles approuvés) pour l'émission par induction Canada. Pour éviter que d'éventuelles interférences radio n'affectent d'autres utilisateurs, il est recommandé que vous ne changiez pas de choix de sorte que la puissance isotrope rayonnée équivalente (PIRE) ne soit pas supérieure aux limites permises pour une communication radio.

Cet appareil est conforme aux limites d'exposition aux rayonnements RSS-102 établies pour un environnement non contrôlé.

### Remarques concernant l'utilisation

• Veillez à lire le manuel de l'utilisateur de l'appareil connecté avant toute utilisation.

• Audio-Technica ne pourra en aucun cas être tenu responsable des pertes de données dans le cas peu probable que de telles pertes se produisent lors de l'utilisation du produit.

• Dans les transports ou d'autres lieux publics, veillez à baisser le volume afin de ne pas déranger les autres personnes.

• Baissez le volume au maximum sur votre appareil avant de connecter le produit.

• Si vous utilisez le produit dans une atmosphère sèche, vous pouvez ressentir des picotements dans les oreilles. Ceci est dû à l'électrostatique accumulée sur votre corps et non à un dysfonctionnement du produit.

• Ne soumettez pas le produit à un impact fort.

• Ne laissez pas le produit exposé à l'environnement direct, soit d'appareils générant de la chaleur ou dans un endroit chaud, humide ou poussiéreux. Ne laissez pas non plus les écouteurs exposés aux liquides et aux décolorations.

• Si vous utilisez fréquemment le produit, il peut se détacher en raison de la lumière ultraviolette (particulièrement sous un ensoleillement direct) et de l'usage.

• Veillez à tenir le câble par la prise lorsque vous connectez ou déconnectez le câble de recharge USB. Le câble de recharge USB peut se casser ou se dénuder.

• Si vous utilisez pas le produit, rangez-le dans la pochette incluse.

• Lorsque vous n'utilisez pas le produit, rangez-le dans la pochette incluse.

• Ce produit peut être utilisé pour parler au téléphone uniquement si vous utilisez un réseau de téléphone mobile, qui n'est pas connecté avec un appareil téléphonique utilisant un réseau de données mobiles et n'est pas garanti.

• Si vous utilisez le produit en tant qu'émetteur de données sans fil, il peut être utilisé comme un téléphone mobile qui n'est pas connecté avec un autre réseau 01.

• Évitez de porter des bijoux ou des vêtements métalliques qui pourraient interférer avec le signal de télévision ou de radio. Dans ce cas, arrêtez de porter ces bijoux ou ces vêtements.

• Pour protéger la batterie rechargeable intégrée, chargez-la au moins une fois tous les six mois. Si l'échoue trop de temps entre les recharges, la durée de vie de la batterie rechargeable peut être réduite, ce qui a une incidence négative sur le plus pouvoir être rechargé.

• Ne manipulez pas le produit avec les mains mouillées pour éviter tout risque d'électrocution ou de blessure.

• Ne touchez pas le produit avec les mains mouillées pour éviter tout risque d'électrocution ou de blessure.

• Ne touchez pas le produit avec les mains mouillées pour éviter tout risque d'électrocution ou de blessure.

• Ne touchez pas le produit avec les mains mouillées pour éviter tout risque d'électrocution ou de blessure.

• Ne touchez pas le produit avec les mains mouillées pour éviter tout risque d'électrocution ou de blessure.

• Ne touchez pas le produit avec les mains mouillées pour éviter tout risque d'électrocution ou de blessure.

• Ne touchez pas le produit avec les mains mouillées pour éviter tout risque d'électrocution ou de blessure.

• Ne touchez pas le produit avec les mains mouillées pour éviter tout risque d'électrocution ou de blessure.

• Ne touchez pas le produit avec les mains mouillées pour éviter tout risque d'électrocution ou de blessure.
