Subject: Original Application for Low Power Communication Device Transmitter (DXX)
Remote Control Toy Car Transmitter, Model 10859A / FCC ID: JHP10859A

Gentlemen:

Enclosed find Perfect Toys International Co., Ltd.'s Application for Equipment Authorization dated June 8, 2000. This device is in compliance with FCC Part 15, Subpart C.

The subject device is a single channel remote control toy car transmitter that will operate on 27.145 ~ 27.150 MHz in accordance with Section 15.227 with a maximum allowable field strength of 10,000 $\mu\text{V/M}$ @ 3 meters. This device's associated toy car with built-in receiver is in compliance with Part 15, Subject B and will be authorized under DoC authorization. This EUT was tested in accordance with ANSI C63.4-1992 for intentional radiator. Note, the actual sample tested contained a fundamental frequency of 27.150 MHz.

Should you have any questions or comments, please contact the undersigned. Thank you for your attention and cooperation in this matter.

Sincerely yours,

Richard Mullen
